MAS Audit & Analysis

WHAT DO WE DO?

MAS Audit and Analysis (MAS) is an alliance of professionals creating a team to meet all aspects of your telecommunication needs. MAS works as an extension of your telecommunications infrastructure to bring the specific talents you need when and where required.

Our team is headed by a trio of telecommunication experts that have over 75 years of experience in the industry. Our areas of expertise are:

- Audit of Telecommunications Services versus Vendor Agreements
- Billing Discrepancy or Credit Resolution
- Contract Negotiation & Evaluation
- Wireless Optimization
- Control of Monthly Telecom Related Expenses
- Request for Proposal Preparation, Coordination & Evaluation
- Inside Wiring and System Installation
- Planning and / or Management of a Corporate Move
- Service Rationalization – Current Services versus Actual Needs
- Site Survey and Inventory
- Vendor Inventory versus Site Inventory

Our team will work side-by-side with your in-house professionals to provide any of these services and more! Let's talk about your needs. MAS Audit & Analysis looks forward to working with you on your next telecommunications project.
